Commissioner Livengood discussed parking on Main Street, sidewalk sales and the effect of the proposed parking requirements on local business owners. B. PUBLIC HEARING ITEMS - NONE

B-1. CONDITIONAL USE PERMIT NO. 09-001 (SANDBOX SPORTS GRILL)

Applicant: Scott Natvig, Architect **Request:** To permit the establishment of 1) a 150 sq. ft. indoor area for dancing, 2) alcohol service within a 1,110 sq. ft. outdoor dining area, and 3) valet service for an existing 5,539 sq. ft. sports bar restaurant. **Location:** 8052 Adams Avenue, 92646 (southeast corner of Beach Blvd. and Adams Avenue) **Project Planner:** Jill Arabe

STAFF RECOMMENDATION: Motion to: "Approve Conditional Use Permit No. 09-001 to permit alcohol service in the outdoor dining area only with findings and suggested conditions of approval (Attachment No. 1)."

The Commission made the following disclosures:

- Commissioner Speaker has visited the site during the day and at night, attended the study session, spoke to staff and spoke to the Police Department.
- Commissioner Mantini has visited the site and attended the study session.
- Vice Chair Farley has visited the site, attended the study session and attended the Design Review Board meeting.
- Chair Shier Burnett has visited the site and attended the study session.
- Commissioner Livengood has visited the site, spoke to the restaurant manager, spoke to staff and attended the study session.
- Commissioner Delgleize has visited the site.

Jill Arabe, Assistant Planner, gave the staff presentation and an overview of the proposed project.

Commissioner Speaker discussed staff's recommendation that alcohol service be provided only in conjunction with food service. Ms. Arabe noted that this recommendation is based on Code Enforcement and Police Department complaints. Planning Manager Herb Fauland said that allowing alcohol service only in conjunction with food service is a frequently used condition, and helps ensure that the outdoor dining area will not be used solely as a bar.

Commissioner Mantini asked staff if neighboring Flight Bistro has outdoor dining with alcohol service until 2:00 AM and Ms. Arabe said yes.

Commissioner Livengood asked about Flight Bistro's Conditional Use Permit and if it was inherited. Ms. Arabe noted that the Conditional Use Permit goes with the property and business as long as the business is not interrupted for longer than twelve months.

Commissioner Livengood also asked about the existing Flight Bistro valet arrangement. He asked if the waiting valet traffic obstructs Adams Avenue. Fire Division Chief Bill Reardon said that he is not aware of any queuing problems.

Commissioner Livengood also asked about the percentage of compact parking. Ms. Arabe noted that approximately 30% of the lot (which is owned by Flight Bistro and the neighboring office building) is compact parking.

Commissioner Delgleize asked if there were queuing/traffic problems without a valet and Ms. Arabe said that she is not aware of any problems.

Planning Manager Herb Fauland noted that staff is recommending no valet service for Sandbox Sports Grill. He also noted that all properties at the site are subject to reciprocal parking access. Mr. Fauland further noted that staff has not seen an adequate valet parking plan for Sandbox that staff can recommend for approval. He also said that Flight Bistro had dancing and valet parking approved in the early 1990s.

Commissioner Farley discussed staff report attachment 7.1, which shows the calls for police service for the Sandbox Sports Grill. Police Captain Chuck

Thomas noted that the Sandbox Sports Grill has been issued six civil citations under the current owner.

THE PUBLIC HEARING WAS OPENED.

Jeff Goad, resident, spoke in opposition to Item No. B-1, citing concerns with noise and traffic.

Aaron Valenty, owner of Sandbox Sports Grill, spoke in favor of Item No. B-1. He noted that Sandbox doesn't dispose of their bottles at night. He also said that he is requesting a valet service and dancing permits in order to be able to compete with neighboring Flight Bistro. He further noted that Flight Bistro has a permit to serve alcohol on their outdoor patio.

Mr. Nami, manager/operator of Sandbox Sports Grill, spoke in favor of Item No. B-1, stating that Sandbox strives to be a courteous neighbor.

WITH NO ONE ELSE PRESENT TO SPEAK, THE PUBLIC HEARING WAS CLOSED.

Commissioner Livengood asked Police Captain Chuck Thomas if there have been any problems with traffic queuing due to Flight Bistro's valet parking. Captain Thomas said that there are traffic issues with queuing onto Adams Avenue at night and incidences of jaywalking pedestrians from Newland Center. Mr. Livengood asked staff if Flight Bistro's Conditional Use Permit could be changed due to these hazards. Planning Manager Herb Fauland said that the Conditional Use Permit for Flight Bistro is not under review and cannot be amended, but he would ask the Code Enforcement staff to research the issue.

Mr. Fauland also said that the history of this site does not lend itself to staff's support of valet parking and dancing. Mr. Fauland noted that the applicant is encouraged to revisit these issues in the future. He also noted that staff's recommendation is only to permit alcohol service in conjunction with food service in the outdoor dining area.

Commissioner Speaker stated that he would be voting against the motion, as he feels that the Sandbox Sports Grill is a bar and not a restaurant.

Commissioner Speaker made a motion to deny Conditional Use Permit No. 09-001 with findings for denial, but there was no second to that motion.

Commissioner Livengood recommended the following modifications: that no valet parking or dancing be permitted; that a security guard be provided from 7:00 PM to a minimum of one-half hour after closing, and that valet service shall not be permitted until such time a revised valet plan is submitted to the Planning Department for review and approval by the Planning Commission.

Commissioner Farley asked if any limits were being set on music and noise. Captain Thomas said that the city's Municipal Code prohibits continuous noise between the hours of 10:00 PM to 7:00 AM, if it can be heard from 50' away.

A MOTION WAS MADE BY LIVENGOOD, SECONDED BY DELGLEIZE, TO APPROVE CONDITIONAL USE PERMIT NO. 09-001 TO PERMIT ALCOHOL SERVICE IN THE OUTDOOR DINING AREA ONLY WITH FINDINGS AND MODIFIED CONDITIONS OF APPROVAL, BY THE FOLLOWING VOTE:

AYES: Mantini, Shier Burnett, Livengood, Delgleize

FINDINGS AND CONDITIONS OF APPROVAL

CONDITIONAL USE PERMIT NO. 09-001

FINDINGS FOR PROJECTS EXEMPT FROM CEQA:

The Planning Commission finds that the project will not have any significant effect on the environment and is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to section 15301 of the CEQA Guidelines, because the project involves negligible or no expansion of the existing restaurant use.

FINDINGS FOR APPROVAL – CONDITIONAL USE PERMIT NO. 2009-001:

1. Conditional Use Permit No. 2009-001 for the establishment, maintenance and operation of alcohol service and consumption within an existing outdoor dining patio of an existing restaurant will not be detrimental to the general welfare of persons working or residing in the vicinity or detrimental to the value of the property and improvements in the neighborhood. The existing outdoor dining area is located north of the subject restaurant and oriented towards arterial streets, so potential noise do not impact residential uses to the south and east of the commercial center. Alcohol service will be in conjunction with food service, such that the restaurant use will be consistent both within the exterior of the northwest patio and within the interior of the building. The project will be modified to remove the 150 sq. ft. dance floor and valet plan because these additional requests may cause detrimental impacts related to noise and traffic. The restaurant will remain as an eating and drinking establishment.
2. The conditional use permit will be compatible with surrounding uses because nearby residential uses are buffered from the existing outdoor dining area by buildings and parking lots. Noise generated by the outdoor dining patrons will be consistent with a restaurant use. Outdoor dining patrons may only be served and consume alcohol in conjunction with food service, such that the restaurant use remains unaltered. Vehicular traffic and noise will be similar to other eating and drinking establishments within close proximity to residential uses. The outdoor dining patio is surrounded by minimum five (5) foot high screen walls and building walls to restrict access to and from the area and to minimize noise spreading to residential uses.
3. The granting of the conditional use permit, as modified by conditions of approval, will not adversely affect the General Plan. It is consistent with the following goals and policies of the General Plan:

A. Land Use Element

Policy LU 10.1.6 Require that commercial projects abutting residential properties adequately protect the residential use from the excessive or incompatible impacts of noise, light, vehicular, traffic, visual character, and operational hazards.

Policy LU 10.1.8 Require that entertainment, drinking establishments, and other similar uses provide adequate physical and safety measures to prevent negative impacts on adjacent properties.

The subject site operates with alcohol service and live entertainment, which are ancillary to the restaurant use. The proposed alcohol service and consumption within the existing outdoor dining area is compatible with the restaurant use and neighboring commercial uses. The expansion of the alcohol menu to the existing outdoor area does not increase the intensity of the permitted use. As suggested by condition of approval, the alcohol service and consumption will be in conjunction with food service. The outdoor dining patio is located along the north and west exterior of the building towards the arterial streets. It is surrounded by the building and minimum five (5)-foot high screen walls. The residential uses are buffered from the patio area by commercial buildings, parking lots, and perimeter walls. Also, the restaurant is the furthest building from nearby residential properties, which offers adequate relief. The restaurant will operate with conditions placed on the Entertainment Permit issued by the Police Department.

B. Noise Element

Objective N 1.4 Minimize noise spillover or encroachment from commercial and industrial land uses into adjoining residential neighborhoods or "noise sensitive" uses.

The expansion of alcohol service and consumption in conjunction with food service will not increase the existing conditions generated by patrons utilizing the outdoor dining area. The outdoor patio is located towards the arterial streets and further away from residents. Vehicular traffic along the arterial streets absorbs noise generated by the outdoor dining patrons. The outdoor patio located southeast of the building will not be utilized by patrons as modified by a condition of approval.
