Dear Mr. Dominguez,

Thank you for talking to me on the phone about the concrete benches in Huntington Central Park and the procedure that I need to follow in order to have a Community Service's committee discuss this matter.

There is not a need for more concrete benches to be added in Huntington Central Park. Many of our citizens want to contribute to park improvements and I think we should encourage them to do so. Would it be possible for this committee to discuss this situation and come up with alternative items that anyone could purchase to improve our park?

I would be happy to share some of my ideas with them.

Sincerely,
