

SPRING is in the air, and with warmer weather comes lots of sun, sand and surf. The city of Huntington Beach is making water safety a priority by offering a variety of Water Safety Instruction programs. Families of all ages can participate in our Learn-to-Swim program which is designed with various levels for children from 6 months up to adults. Students progress through the levels at their own pace, mastering the skills in the one level before then advancing to the next. In addition to learning to swim, remember some of the following safety tips when near the water: Never leave children unattended, swim with a buddy, and know what to do in the case of an emergency! See the SANDS Community services Guide for more information on Swimming, Sailing and CPR classes!

Janeen Laudenback
Director of Community Services
